FECOMERCIOSP

BUSINESS MISSION | SÃO PAULO, BRAZIL

7-12 April 2019

Since 2016, the Polish-Portuguese Chamber of Commerce (PPCC) organises regularly multi-sector business missions to São Paulo in Brazil. The trade mission will have a **strong B2B focus** with individual meetings with potential business partners, according to each Polish company's wishes. We also provide necessary information about the market (tax system, certification and procedures), key players, competition and consumers' profile. We believe that in-depth and direct knowledge of the market reality of the country is of the utmost importance for sustainable success.

The trade mission is organised in close cooperation with **FecomercioSP**, the largest trade and service federation in the country, whose members represent around 10% of Brazil's GDP. We are convinced that local support from an institution closely related to business and with privileged contact network in São Paulo is crucial for success of the mission.

WHY SÃO PAULO?

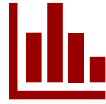

- 42 mln inhabitants in the state of São Paulo
- The largest economy and industrial hub in the whole Southern Hemisphere;
- Generates over 33% of Brazil's GDP;
- Is the headquarters of over 60% of multinationals operating in Brazil, is the venue for 75% of all Brazilian trade fairs and 43% of the country's services is located there;
- 60 big shopping centres, 4 airports, the biggest container terminal in Latin America;
- Brazil: 1% GDP growth in 2017.

WE GUARANTEE
